- (2) The trainer is responsible for his horse carrying the correct weight in accordance with the conditions of the race. The trainer shall declare to the Clerk of the Scales before the jockey weighs-out the weight his horse will carry if it differs from the weight appearing on the official programme. Failure to make this declaration will render the trainer liable to be fined by the Stewards. Apprentices' and freelance jockeys' allowances will not be taken into consideration when declaring a weight under this sub-rule.
- (3) Any declared jockey who does not present himself to be weighed-out may with the permission of the Stewards be substituted by another jockey, provided always that the substitute jockey can be weighed within the time specified in this Rule. Unless the Stewards are satisfied that the absence of the jockey was due to unavoidable circumstances they may penalise such jockey.

In exceptional cases the Stewards may extend the time allowed for declaring runners under this Rule weighing, declaring weight and for exhibiting the numbers.

(2) If the horse is withdrawn on veterinary advice a certificate from the Veterinary Officer or the Veterinary Surgeon must be submitted to the Stewards.

(3) If a horse which has been entered to run in any race is subsequently withdrawn from such race due to a condition, treatment, administration of a prohibited substance or other matter which was known to the trainer at the time the horse was entered to run, the trainer may be penalised.

(2) Every jockey when mounted on a horse on any racecourse for the purpose of riding in a race or during training shall wear a safety vest of a design approved by the Stewards.

(3) A jockey is responsible for the serviceable condition of his helmet and safety vest but in the case of an apprentice the responsibility rests with the apprentice and the trainer to whom he is allocated. A helmet is not considered as serviceable if it has sustained a severe impact or when the jockey wearing it has suffered from a concussion as a result of a fall. In such circumstances the helmet must be immediately replaced.

(4) No jockey may wear or have in his possession a helmet or safety vest which is not of a design approved by the Stewards or which has been modified in any way. The Stewards may confiscate any helmet or safety vest which is not of an approved design or which has been modified in any way.

- (2) When a placed horse or its jockey is found to have caused interference, that horse may, on a protest/objection be disqualified, or placed last, or placed behind the horse or horses with which it interfered if the Stewards consider that the horse interfered with would have finished ahead of the first-mentioned horse had such interference not occurred. For the purposes of this Rule “placed horse” means a horse placed in a place that qualifies it for prize money.
- (3) In the event that any part of the jockey of a horse makes contact with the ground during the running of a race but still has contact with the horse at the end of the race the horse shall be deemed not to have carried the weight. In these circumstances the horse shall on a sustained protest/objection be disqualified for the race.

Rule 102. The trainer or other person in charge of a horse shall report to the Stewards as soon as practicable any condition or other matter which may significantly affect the running of their horse in a race.

- (2) If the race be run before the appointed time or if no qualified horse covers the course in accordance with these Rules the race may be declared void.

Walking Over

Rule 107. It shall not be necessary for a horse to “walk over” the entire course if only one declared runner is available to start in a race, but that horse shall be ridden past the Judge’s box and shall then be deemed the winner.

Dead Heats

Rule 108. When horses run a dead-heat for first or any lower place the sum of the prizes available for those horses had they not dead-heated but had finished in successive places shall be divided equally between the owners of such horses, and the dead-heat shall not be run off.

Rule 109. Each horse that divides a prize for first shall be deemed a winner.

Rule 110. When a dead-heat is run for second place or minor placings and a protest/objection is made and sustained to the winner or other placed horses of the race, the horses which ran the dead-heat shall be deemed to have run a dead-heat for first, second, third, fourth place or any other placing as applicable.

Rule 111. If the dividing owners of dead-heating horses cannot agree as to which of them is to have a cup or other prize which cannot be divided, the question shall be determined by lot by the Stewards, who shall decide what sum of money shall be paid to the other owner by the owner who takes such cup or other indivisible prize.

(1) Immediately after pulling up the jockeys of the horses placed first, second, third and fourth in each race must ride their horses to the place appointed for the unsaddling of placed horses, and the horses shall remain there until ordered by the Steward in charge or his representative to be taken away. The other jockeys must ride their horses to the unplaced unsaddling area.

(2) Upon dismounting after a race every jockey must present himself at once to be weighed-in by the Clerk of the Scales. Any jockey who fails to complete the course must report the reason to the Stewards. If a jockey be prevented from riding back to weigh-in by reason of accident or illness which results in him or his horse being disabled, he may walk or be assisted to the scales.

- (3) In cases where the Judge has not announced his decision before the jockeys return to weigh-in, the jockeys may dismount either inside or within a reasonable distance of the place appointed for unsaddling the winner. In such cases the Clerk of the Scales shall commence to weigh-in all jockeys until such time as the Judge's decision is announced. Provided that in these circumstances any jockey who believes that there is a possibility that he or the owner, nominator or his authorised agent, or trainer of his horse may wish to lodge a protest/objection may inform the Clerk of the Scales accordingly and await the announcement of the Judge's decision.
- (4) If a jockey does not present himself to be weighed-in or dismounts before reaching the place appointed for that purpose or improperly touches or makes contact with any person or thing other than his own equipment before weighing-in, his horse may on a sustained protest/objection be disqualified for the race and the jockey may be penalised.
- (5) If a jockey is unable to weigh-in due to accident or illness or for any other reason deemed appropriate by the Stewards his horse shall not be disqualified for the race provided that the jockey weighed-out at not less than his proper weight and the Stewards are satisfied there are no circumstances which suggest that less than the proper weight was carried throughout the race.

- Rule 113.** (1) When being weighed-in a jockey shall include in his weight everything that the horse has carried in the race except as provided elsewhere in these Rules.
- (2) If a jockey weighs-in at more than his correct weight he shall be reported to the Stewards and, although his horse shall not be disqualified for the race in respect of weight carried, the jockey may be penalised.

Rule 123. The Hong Kong Jockey Club

INSTRUCTIONS MADE BY THE STEWARDS OF THE JOCKEY CLUB

Introduction

These Instructions of The Hong Kong Jockey Club are made by the Stewards of the Jockey Club in accordance with clause 3(xix) of the Memorandum of Association and Article 47 of the Articles of Association of the Club.

They are complementary to and have the same force and effect as the Rules of Racing, and are subject to the definition of words and phrases provided by those Rules of Racing.

Inst. 1. Compulsory and Voluntary Retirement of Horses

- (1) Compulsory retirement criteria are determined by the Stewards of the Jockey Club. The current criteria are as follows: —
 - (i) All horses which have reached the age of 11 years.
 - (ii) All horses rated 25 or below at the end of each racing season.
 - (iii) Horses whose veterinary histories indicate that, in the opinion of the Veterinary Officer, they are no longer sound and/or safe racing propositions. This includes horses with one eye or blind of an eye, horses that have been reported to have bled from one or both nostrils on 2 occasions and horses that have been reported on 3 occasions to have had an irregular heart rhythm. Provided that any horse foaled in the Southern Hemisphere which will be an 8 year old at the season end and any horse foaled in the Northern Hemisphere which will be nine at the season end will be required to have a full veterinary examination to determine its suitability to remain in training for the coming season and any horse which has not run in a race under the Rules for twelve months will be required to pass a barrier trial and have a full veterinary examination before it is entered for a race.

- (iv) Any horse which is unruly and which, in the Stewards' opinion, is unsafe to continue to race.
- (2) Horses may be voluntarily retired by their owners regardless of the horse's age or rating.

Inst. 2. Apprentices

- (1) Trainers are responsible for the riding arrangements of their allocated apprentices. In no circumstances should an apprentice be permitted to accept any ride without the previous approval of his allocated trainer or the Stewards.
- (2) Apprentices who have been granted a licence to ride cannot ride in a race at Happy Valley Racecourse until they have been granted permission by the Stewards to do so. Such permission will not be granted until the apprentice has ridden satisfactorily in races at Sha Tin Racecourse and in barrier trials at Happy Valley.

Inst. 3. Authorised Agents

Jockeys shall not be allowed to act as Authorised Agents nor shall they be able to sign any entries or declarations for any horse.

Inst. 4. Balloting-out of Horses

- (1) Entries for any race will be limited to a safe number to be decided on by the Stewards from time to time. Horses in excess of the prescribed number, which will be published on the Prospectus for each race, will be balloted out, based on the conditions of entry or race conditions, to a reserve list for that race or each section of that race.
- (2) Reserve lists will be drawn up in numerical order in which the excess horses are balloted-out. Horses on the reserve list may be transferred to another race programmed on the same day in accordance with the conditions of entry. If any of the accepted entries do not declare to start then any such vacancies will be filled from the reserve list(s) in numerical order. If for any reason a declared starter is withdrawn between closing of declaration and 11:30 a.m. on the day preceding the race then his place may be filled by one or, in the case of two withdrawals, two standby declared starters who will be nominated at declaration. The standby declared starter will assume the racecard and barrier draw numbers of the withdrawn horse. In the event of both standby declared starters obtaining a place, allocation will be in order of the time of withdrawal of the originals.

Inst. 5. Tack and Gear

- (1) All riders and trainers shall comply with the Rules and the Instructions that prohibit the use of faulty gear.
- (2) Any bit other than a single-jointed racing snaffle or any tack/gear additional to a racing saddle and bridle, including, but not limited to, blinkers, hood, pacifier, visor (collectively of an approved design), and tongue strap, shall not be worn by a horse in any race, barrier trial, stalls test or in track work without the approval of the Stewards. Any such tack/gear approved and used on a horse in a race shall continue to be used on that horse without variation until permission to remove or vary the same has been sought and obtained from the Stewards. In particular the following should be noted: —

Provided that a horse is permitted to wear a hood in the parade ring and on the way to the start but not during the race. In these circumstances the hood must be applied prior to entering the parade ring and must not be removed until the horse arrives at the start.
 - (ii) **Blinkers and Visors**

Blinkers and visors should not be worn by a horse in a race unless the horse has passed such test or trial as may be prescribed by the Stewards. Glue-on aluminium racing plates will not be permitted to be applied, or re-applied, less than two (2) hours prior to the time a horse is due to start in a race.

(viii) **Tying Down of Horses' Tongues**

Tying down of horses' tongues in training and in races may only be achieved by the use of a tongue strap approved by the Veterinary Officer. The tongue may only be tied to the horses' lower jaw and must not be tied to any part of the bit or bridle. Trainers are responsible for showing the horse with its tongue tied down to the Veterinary Officer prior to its leaving the parade ring provided that the Stewards shall have the power to allow the horse to race without its tongue tied down if for whatever reason a tongue strap cannot be fitted to the horse. - (2) In the case of one section of a race programmed for a different date to the other section(s) being reduced at the time of declarations to four runners or less, the Stewards of the Jockey Club reserve the right to abandon that section and require the declared starters for it to re-declare for sections programmed for the later date.

- (3) **Unruly Horses**

The Stewards may suspend any horse which they consider has been sufficiently unruly or wayward to warrant such suspension. Any horse so suspended shall not be permitted to start in any race until such time as it has performed in a barrier trial to the satisfaction of the Stewards.

- (4) **New Imports**

- (i) A griffin is required to pass a stalls test and then a barrier trial before it can be entered to run. Any griffin with a certificate issued by a Recognised Racing Authority which states that the horse has passed a stalls test will be required to pass only one official barrier trial before being entered for a race.

- (ii) A privately purchased horse is required to pass one barrier trial before it can be declared to run.

- (2) The Veterinary Officer shall recommend to the Stewards that a horse has become intractable to the point that it should be barred from further racing.
- (3) In the event of the Veterinary Officer's recommendation that a horse should be barred from racing being accepted, the owner will be so notified by the Registry Office.

Inst. 41. Retainers**(1) Requirements**

- (i) A trainer may not apply to retain a jockey unless at the time of application he has not less than thirty (30) horses in his stable and not less than eighty-five percent (85%) of owners attached to his stable agree to support the proposed retainer. 'Support' means contributing to the cost of the retainer and affording the retained jockey first call on the owner's horse(s) in races and 'supporting owner' means an owner who agrees to support the retainer. 'Non-supporting owner' means an owner who does not agree to support the retainer.

- (ii) Subsequent to the approval and implementation of a retainer: —
 - (a) Each owner must provide the Club with notification in writing as to whether he consents to be deemed as a supporting owner or a non-supporting owner.
 - (b) An owner who has agreed to support the retainer is not permitted to alter such status to that of a non-supporting owner during the approved term of the retainer. An owner who has not agreed to support the retainer is permitted to alter such status during the approved term of the retainer.
 - (c) An owner who transfers his horse or horses to that trainer will upon such transfer become a supporting owner.

(2) The Retainer — Terms

The terms and conditions to regulate a retainer shall be determined by the Stewards. A copy of the document containing the approved terms and conditions can be obtained from the Club. A retainer using a form other than one obtained from the Club will not be accepted.

(3) Minimum Amount and Minimum Contribution

- (i) The minimum amount to be paid under a retainer shall be the sum of the contributions to be made by the supporting owners.
- (ii) No supporting owner shall make a monthly contribution to the cost of the retainer of less than \$1,000 for each horse he owns in the stable, and his monthly contribution shall be debited to his membership account for the duration of the retainer. The Club will pay the amounts so debited into an account in the name of the trainer (“the Retainer Account”) to be available for the trainer to meet the cost of the retainer.

(4) Full Fee to be Disclosed

The retainer must state the total sum of money and identify all of the benefits, to be paid or provided to the jockey in consideration of his agreement to undertake the duties and obligations imposed on him by the retainer.

(5) Procedure for Registration

Notwithstanding approval by the Stewards, a retainer shall not be valid or binding until the trainer and jockey have signed the retainer in the presence of the Chief Stipendiary Steward, which shall constitute registration of the retainer, in fulfillment of the relevant provisions of the Rules.

(6) Procedures After Registration

From registration the Club shall be deemed authorised and/or directed: —

- (i) By the trainer and each supporting owner: to open the Retainer Account and pay into that account the monthly contributions of each supporting owner.
- (ii) By each supporting owner: to debit his agreed monthly contribution to his account with the Club and pay the same into the Retainer Account.
- (iii) By the trainer: to pay from the Retainer Account to the account of the retained jockey the periodic payments to which the retained jockey is entitled pursuant to the retainer.
- (iv) By each supporting owner and the retained jockey: to permit the trainer to be reimbursed any prepayments made by him under the retainer.

(7) Application of Contributions

Subject to the prior approval of the Stewards, the credits made to the Retainer Account, may be used by the trainer to meet the payments for the retainer. All payments made shall be accounted for by the trainer to the Club, including the provision of such receipts as the Stewards may reasonably require.

(8) Balance in the Retainer Account

Upon termination of the retainer, howsoever, the excess of the supporting owners' contributions over expenditure, (if any) then in the Retainer Account shall be divided amongst the supporting owners pro-rata to the number of horses owned by each of them and in the trainer's stable at the time of termination of the retainer. All amounts payable shall be paid by credit to the supporting owners' respective accounts with the Club.

(9) Breakdown or Breach of the Retainer

- (i) If, during the validity of a retainer, the trainer declares as the jockey of the horse of the supporting owners a jockey other than the retained jockey on more than twenty five (25) per cent of the occasions when rides are available, such shall constitute prima facie evidence that the retainer has broken down. For the purpose of this Instruction rides by apprentice and freelance jockeys who are eligible to claim a weight allowance will not be taken into consideration and when there are two or more runners from the stable in the same race only one ride will be deemed to be available. Absence, indisposition and suspension of the retained jockey may also be taken into account.
- (ii) Upon the breakdown of a retainer the Stewards may order the retainer terminated, whereupon the licence issued to the retained jockey shall be revoked and the retaining trainer and the supporting owners will be discharged from their respective obligations.
- (iii) If the Stewards are satisfied that either a retaining trainer or retained jockey has breached any of the provisions of this Instruction and/or any term or condition in their retainer, the Stewards may direct that their retainer is terminated.

(10) Retained Jockeys — Outside Rides

A retained jockey may not normally be declared to ride outside his retaining stable if his retaining stable has a runner ridden by another stable's retained jockey. A retained jockey may not normally be declared to ride for a non-supporting owner if his retaining stable has a runner owned by a supporting owner. The Stewards may, however, give such permission in exceptional circumstances.

Inst. 42. Overseas Race Meetings

Except with the prior permission of the Stewards no owner, authorised agent or trainer shall enter any horse registered under these Rules to run in races other than those run under these Rules.

Inst. 43. Referred Samples

When the Chief Racing Chemist or other chemist authorised by him or another official racing laboratory reports that an official sample is positive to a prohibited substance the following procedure will be adopted if the reserved portion of the same sample is available in sufficient volume for further testing: —

- (1) The Stewards will notify the trainer.
- (2) The Club may select from a list approved by the Stewards of the Jockey Club another official racing laboratory or the Club's Racing Laboratory for the purpose of conducting a confirmatory test of the same sample. In the event of the trainer and the owner of the horse from which the official sample has been taken and which is positive to a prohibited substance not disputing the finding of the prohibited substance as reported by the Chief Racing Chemist or such other chemist authorised by him, the referred sample procedure may be dispensed with.
- (3) Subject to acceptance by the selected official racing laboratory, the Club will dispatch the referred sample, together with one sample negative to the reported prohibited substance, to the selected official racing laboratory under a secure chain of custody. The trainer or his representative must confirm that the samples are correctly identified before dispatch. Provided that in the case of a sample in which the prohibited substance detected is Carbon Dioxide at or above the threshold provided for elsewhere by these Rules, the Club may order for the requirement for the trainer or his representative to confirm the identification of the samples to be dispensed with to prevent delay. Neither of the referred samples shall be identified to the selected official racing laboratory. In the event of the Club's Racing Laboratory being selected to conduct a confirmatory test of the referred samples, the assigned sample codes may be reassigned in the presence of the trainer or his representative.
- (4) The analysis will be performed by the staff of the selected official racing laboratory and will be confined to testing for the presence of the substance reported by the Chief Racing Chemist or other chemist authorised by him or by another official racing laboratory and, in the case of a substance with a threshold, to testing that the level of the substance reported is present in the referred sample at or above the threshold.
- (5) The analysis of the referred sample should be completed no later than 28 days after the date of receipt by the selected official racing laboratory unless there are exceptional circumstances which are notified to and accepted by the Stewards within that 28-day period.

- (6) The referred sample shall remain the property of the Club. Any residue remaining after the analysis of the referred sample has been conducted should be retained by the selected official racing laboratory until instructed otherwise by the Club.
- (7) (i) The trainer may require that a sample negative to the reported prohibited substance be referred at the same time to the selected official racing laboratory, provided that neither of the referred samples shall be identified to the selected official racing laboratory.

(ii) In the event of a trainer availing himself of the opportunity to have an additional sample tested, the cost of such testing shall be borne by the trainer.
- (8) Where the analysis of the referred sample does not confirm the finding reported by the Chief Racing Chemist or other chemist authorised by him or by another official racing laboratory, no disciplinary action will be taken, unless there are reasonable grounds to believe that the integrity of the referred sample may have been deliberately violated or if other evidence unrelated to racing chemistry is available, in which case the Stewards may proceed exclusively on the basis of the report from the Chief Racing Chemist or other chemist authorised by him or another official racing laboratory.
- (9) The Club reserves the right not to split samples for further analysis for urine specimens less than 100 ml in total and blood specimens less than 50 ml in total.
- (10) The aforementioned referred sample procedures may, in exceptional circumstances, be dispensed with in circumstances where the source of the administration or exposure of a prohibited substance to any horse is not in dispute. Provided that the agreement of the Club, trainer and owner(s) must be obtained in writing before the procedures can be dispensed with.

Provided that the Club reserves the right not to split for further analysis urine samples taken from jockeys that are of less than 40 ml in total volume.
- (2) In the event of a jockey not disputing the finding of the prohibited substance as reported by the Chief Racing Chemist or such other chemist authorised by him, the referred sample procedure may be dispensed with.
